

1-DAY TRAINING OUTLINE

# CANVA AI & CANVA CODE:

Next-Level Visual Generation and Interactive Creation

Date: **7<sup>th</sup> May 2026**  
Time: **9.00am – 5.00pm**  
Venue: **Armada Hotel,  
Petaling Jaya, Selangor**

## OVERVIEW

This program will dive into balancing DO MORE FOR LESS to accelerate HR Transformation while acknowledging that “the algorithm did it” is not a valid legal defense. While AI automates mundane administrative tasks – freeing HR to focus on high-value strategic work, it is prone to errors if left unchecked. Today, drafting HR documentation has evolved into a hybrid “AI-assisted workflow”. However, practitioners must be vigilant to avoid misused, “hallucinated” clauses, non-compliant or misleading documentations.

This techniques’ sharing session is to ensure your AI-assisted HR process & documents are backed by human oversight, clear, enforceable, and fully compliant with the current Malaysian law. This workshop is customized to equip you with practical tips, prompts, real-life examples and risk mitigation, which can be applied immediately in your workplace.

## COURSE OBJECTIVES

By the end of this training, participants will be able to:

- Spend less time in drafting clauses and documents whilst ensuring compliance with the Employment Laws and Regulations.
- Distinguish between contractual documents and non-contractual HR documents.
- Avoid common drafting mistakes that expose employers to legal and financial risks.
- Understand the best practices in leveraging AI in drafting employment and HR documentations.
- Observe the best practices and Do’s & Don’ts in AI+HR workflow to maintain legal boundaries.
- Protect your organization’s interest by understanding the effects and implications of AI+HR hybrid workflow and steps to avoid misuse.

## SPECIFIC TARGET MARKET

- Human Resource Practitioners / Executives / Supervisors / Officers / Assistants
- Heads of Department / Non-HR Managers / Branch Managers / Outlet Managers
- Non-HR personnel performing HR functions
- HR Service Providers
- Employers / Business Owners
- Upskilling

# CANVA AI & CANVA CODE:

## Next-Level Visual Generation and Interactive Creation

### Course Outlines

**9.00am – 10.00am**

#### **Module 1: Understanding Canva AI (2025 Suite)**

##### **Description:**

Overview of Canva's AI ecosystem and how it enhances communication tasks. Participants learn how AI is integrated into the design process and explore each major AI tool.

##### **Tools Used:**

Magic Write, Magic Media, Magic Edit, Magic Erase, Magic Switch (format conversion), Smart Layout AI.

---

**10.00am – 11.30am**

#### **Module 2: AI Text Generation with Magic Write**

##### **Description:**

Participants learn how to generate headlines, captions, blurbs, reports, and content variations using Canva's AI text engine. Includes prompt structure, tone control, summarisation, and rewriting.

##### **Tools Used:**

Magic Write, Canva Docs, Text Styling Tools.

---

**11.30am – 1.00pm**

#### **Module 3: AI Image & Video Generation with Magic Media**

##### **Description:**

Participants learn how to generate high-quality images, concept visuals, product shots, and background scenes using text prompts. Includes understanding styles, realism, consistency, and limitations.

##### **Tools Used:**

Magic Media (Text-to-Image), AI Video Generation, Magic Edit, Magic Morph.

---

**2.00pm – 3.30pm**

#### **Module 4: Canva Code – Building Simple Interactive Elements**

##### **Description:**

Introduction to Canva Code and how it allows users to build interactive widgets without coding knowledge. Participants will learn basic logic through examples such as:

- Click-to-reveal cards
- Simple score or points calculator
- Interactive dashboards
- Dynamic cards for presentations

##### **Tools Used:**

Canva Code Editor, Variables, Logic Builder, Interactive Components.

---

**3.30pm – 5.00pm**

#### **Module 5: Capstone Project – AI Campaign or Interactive Prototype**

##### **Description:**

Participants choose a path:

1. Build an AI-generated design set (poster, social post, or visual campaign), or
2. Build a simple interactive tool using Canva Code.

They combine AI writing, AI visuals, and Canva Code to present a final output by end of day.

# Trainer's Profile

## Bryan Ng

### **Bryan Ng**

*Certified PSMB Trainer | Certified First Aider*

*Expert in Event Activity Development, Teambuilding, Graphic Design, and PowerPoint Presentation Design*

### **Introduction**

Bryan Ng is a dynamic and innovative professional with extensive experience in designing and delivering impactful training programs. With a Diploma in Interior Design, Bryan merges creativity with strategic thinking to craft unique solutions tailored to the needs of his clients. As a Certified PSMB Trainer and Certified First Aider, he brings both expertise and a commitment to safety in every training environment.

### **Areas of Expertise**

Bryan specializes in product development for event activities and teambuilding, creating immersive and memorable experiences for teams of all sizes. His proficiency in graphic design and PowerPoint presentation design, complemented by the integration of artificial intelligence tools and hands-on techniques, ensures his training materials and sessions are visually compelling, engaging, and highly effective. Leveraging a combination of technology and practical approaches, Bryan empowers individuals and teams to achieve their goals through interactive and inspiring learning experiences.
